Job Title: Software Programmer - BIM and Construction software

Company: Kassian Dyck and Associates

Location: Calgary, Alberta (Full-time, in-office position)

Salary: $60,000 - $90,000 per annum

Job Description:

We are seeking a highly skilled and motivated software programmer to join our team at Kassian Dyck and Associates. The ideal candidate will have 2-4 years of experience in software coding and a strong background in Building Information Modeling (BIM) software and Construction software, with an emphasis on Tekla Structures. Experience in the construction industry is preferred.

Responsibilities:

- Collaborate with project teams to develop and implement BIM software solutions for clients
- Design and code custom software tools and macros using OpenAPI for use in Tekla Structures and other construction software
- Stay current with the latest developments in BIM and construction software technology
- Participate in internal and external training to improve skills and knowledge
- Communicate effectively with clients, project managers, and other team members
- Manage and execute software testing and quality assurance
- Provide training and mentorship to junior team members
- Create and maintain technical documentation

Qualifications:

- Bachelor's degree in Computer Science, Engineering, or a related field
- 2-4 years of experience in software coding, with an emphasis on OpenAPI
- Proficient in BIM software, with an emphasis on Tekla Structures and other construction software
- Experience in the construction industry is preferred
- Strong problem-solving skills and ability to work in a team environment
- Excellent communication and customer service skills
- Strong attention to detail and ability to meet deadlines
- Experience in software testing and quality assurance
- Experience in providing training and mentorship to junior team members
- Strong documentation skills

If you have a passion for BIM and construction software and technology and are looking for a challenging and rewarding opportunity, we encourage you to apply for this position. Kassian Dyck and Associates is an equal opportunity employer and offers a competitive salary and benefits package.

Please submit your resume and cover letter, detailing your qualifications and experience to resumes@kdassociates.com and mention the Software Programmer position in the subject line.
