

Job Title: BIM Project Coordinator

Company: Kassian Dyck & Associates

Location: Calgary, Alberta (In-office, Full Time)

Salary: \$75,000 - \$90,000 CAD per year + Benefits

About the Company: Kassian Dyck & Associates is a leading engineering and design firm that specializes in providing innovative solutions for building and infrastructure projects. We are dedicated to excellence in service and technical expertise, and we pride ourselves on delivering projects on time and within budget.

About the Position: We are currently seeking a highly skilled BIM Project Coordinator to join our team in Calgary. The successful candidate will be responsible for coordinating and overseeing the development and implementation of BIM (Building Information Modeling) models and processes for our projects. This is a full-time, in-office position that offers a competitive salary and benefits package.

Responsibilities:

- Coordinating the development and implementation of BIM models and processes for projects
- Collaborating with project teams to ensure BIM models are accurate, complete, and up-to-date
- Managing BIM standards, protocols, and best practices
- Providing training and support to project teams on BIM software and processes
- Ensuring project compliance with BIM requirements and standards
- Communicating and coordinating with project stakeholders to ensure BIM models meet their needs
- Collaborating with other departments and external parties to ensure BIM models are shared and up-to-date
- Participating in the development of project schedules and timelines ensuring BIM deliverables are met

Qualifications:

- Minimum of 2 years of experience in BIM coordination and implementation
- Knowledge of industry-standard BIM software, such as Revit, Navisworks, Tekla Structures and BIM 360 is highly preferred.
- Experience in precast concrete, pre-fabrication and rebar reinforcing projects is an asset.
- Strong understanding of BIM principles, protocols, and best practices
- Excellent communication and teamwork skills
- Ability to manage multiple projects and priorities
- Bachelor's degree in architecture, engineering, or a related field is preferred, but not mandatory

- Professional Engineer or Architect registration is an asset, but not mandatory.
- Detailing experience is a highly preferred.

If you are an enthusiastic and highly motivated professional looking to advance your career with a dynamic and growing engineering and design firm, we encourage you to apply for this opportunity.

Please submit your resume and cover letter, detailing your qualifications and experience, to and mention the BIM Project Coordinator position in the subject line.

Kassian Dyck & Associates is an equal opportunity employer, and we welcome and encourage applications from all qualified candidates. We will accommodate any needs under the Canadian Charter of Rights and Freedoms, and Accessibility for Ontarians with Disabilities Act.
